Repaint textures for Yakovlev Yak-3 fighter, only Captain Sim model! www.captainsim.com
Visit also at YoYoSims! http://acn.waw.pl/sturm/index.htm

...from my dreams, virtual reality.

...and real polish Yakovlev Yak-3 fighter, Poland, 1945-1946.

Install instructions
WARNING!

Remember: before installation copy and paste files from the old "texture.pol" folder to the new folder "texture.LLP_1945_46"

Install instructions: Unzip the folder to a temporary file cut and paste the folder texture.LLP_1945_46 into your main cs_Yak3 aircraft folder.
Open the aircraft config file in notepad and copy and past the text below into the file. Replace the "X" in the: [fltsim.X] and in the: title=CS Yak-3 Paintxx with the appropriate next number in sequence for the textures in the main aircraft folder.

```
[fltsim.xx]
title=CS Yak-3 Paintxx
sim=cs_yak-3
model=00
panel=
sound=
texture=LLP_1945_46
